JUDGE SEAWELL TO TALK HERE ON FOURTH

Judge Emmett Seawell, for many years presiding magistrate in the superior court of Sonoma county, has accepted the invitation of the local Fourth of July celebration committee and will deliver the oration in this city on the morning of the Fourth.

Judge Seawell is one of the best known jurists in the State and has several times presided over the local court during the absence or inability of Judge White to hear the cases. He is a man of the highest integrity and the committee is to be congratulated upon securing him as orator of the day.

Plans for the monster festival of fun are rapidly rounding into final form and the celebration promises to eclipse any ever attempted in the county. Many unique features will be included on the three-day programme, notable among which will be the fireworks and the growlers' illuminated parade.

Entries are alredy being made in the big floral pageant, which will be held on the morning of the Fourth, and in which practically every fraternal order and society in the city will be represented. The barbecue and baseball series are two other features not to be overlooked. There will be plenty to eat at the outdoor banquet and Manager Red Brown of the Brownies promises a lively series on the local diamond.

The finance committee, as well as the entertainment committee, is making excellent progress and are meeting with splendid co-operation on the part of the business houses and citizens alike.

Tomorrow night another dance will be held in front of the court house for the benefit of the committee's coffers and on the evening of the Fourth a Mardi Gras festival will keep the revelers busy and close the big celebration.

Palmer, president of the road, to Charles W. Fay, postmaster at San Francisco. The latter charged overcrowding in a communication sent to Washington.

AFTER MILK SHOWER HE BATTLES, IS ARRESTED AND SUED FOR DAMAGES

It isn't everybody who can boast of having had a shower bath of pure, sweet milk. Maude Adams takes them for her complexion, but that's an exception.

The shower bath taken by Louis Heilmann on the highway near Calpella was not exactly for that purpose, and was somewhat compulsory. He met G. L. Ticehurst, for whom he cherished no affection, and, according to the story, spat at him. Ticehurst carried a bucket of milk, with which he treated Heilmann to a shower bath.

Then they mixed. Heilmann was arrested for battery and his trial was set for June 6 by Judge Hurley. It is said that Ticehurst will also sue his assailant for damages.

CLOVERDALE DIAMOND THIEF GOES TO JAIL

George Fox, who recently sprang into the limelight here in the sensational theft of $60,000 worth of diamonds, which were later found buried under a bridge near Cloverdale, has been arrested in New Orleans on a similar charge and was this week sentenced to five years in the penitentiary.

Fox, who was identified with an automobile supply company in San Francisco, came to this county some months ago on a fishing expedition and his woman companion made complaint against him when her jewelry mysteriously disappeared.

The gems were found buried under a bridge in Sonoma county, but Fox was acquitted of the charge and returned to his wife and family in San Francisco.

DISTINGUISHED JURIST TALKS BEFORE ATTORNEYS

Supreme Judge Wanamaker of Ohio, a most distinguished jurist, who is here with the Ellison-White Chautauqua, addressed members of the local bar in the court room yesterday afternoon. Judge Wanamaker gave an interesting talk on Ohio's system of handling different cases, and also urged that the people be given an opportunity to name at least one member to the United States Supreme bench. Aside from being a prominent jurist, Judge Wanamaker is a writer of note and is at present contributing a series of articles for the Saturday Evening Post.

The funeral will be held tomorrow in the metropolis, under the auspices of the Odd Fellows.

MEMORIAL DAY TRIBUTE IS PAID TO NATION'S DEAD

Wealth Of Bloom Is Scattered On Graves Of Heroes At Most Impressive Ceremony

So many hearts, proud of their valorous dead, went out into the sunshine Tuesday to do them honor, that it seemed as if no other Memorial Day of the past had been so beautifully or so faithfully observed.

The Knights of Pythias ceremonies at the cemetery, with flower petals of remembrance and appreciation fluttering down to rest on quiet mounds inside dim cemetery walls, were conducted with such a solemn tenderness of devotion and such lavishness of tributes as to indicate to some a new and finer note in American patriotism.

Battles Of The Past

Memories of those who gave their lives for their country in the glorious battles of the past, under the swelling folds of banners, were invoked to thrill the living. Honor, too, was given, and recollection sadly sweet was held by many a lonely heart for those other warriors who fought, not an embattled line, where the diapason of artillery gave inspiration, but who struggled day after day in time of national peace in the great battle of life for home and loved ones.

A spirit of gratitude for the sacrifices of the dead dominated the day. It chastened and inspired the multitudes and convinced many a doubting one that American patriotism, instead of undergoing a process of decay, has become stronger, broader, higher, more intense, if anything, than heretofore. It proved in a gratifying measure this generation's recognition of noble service done for the good of all. It demonstrated a latent ability to undertake whatever responsibilities may come for the preservation of the highest ideals of our Nation.

Ranks Are Thinning

With a parade headed by the Ukiah band, and members of the Knights of Pythias forming an escort for the gray-haired veterans, the ceremonies started promptly at 1:30 o'clock. Then came the Spanish-American war veterans and school children and citizens in automobiles and carriages.

Some of the comrades who marched last year were gone. They had been laid beneath the mounds on which tender hands were to place evergreen wreaths and strew beautiful flowers. It was old soldier's day. Pretty little girls from the grammar school along the line of march tossed roses at the aged, but ever-young marchers.

March Into Cemetery

Just before they reached the cemetery, veterans of the Spanish-American war were drawn up at attention. Between the firing squad the gray-haired, stooping veterans stepped proudly. There was hardly a dry eye in all the throng of men, women and children privileged to see the marching host.

Those soldiers of old, who by the accident of war, had not been called upon to give the lives they would so willingly have surrendered, made a heart appeal.

Then the school children, under the direction of Miss Marguerite Thomas, sang several patriotic airs and it was a pathetic scene as tears stole into the eyes of the comrades, who, apparently, were living over their honorable lives on the battlefield. The memorial services of the Knights of Pythias were conducted with A. L. Tracy as officer of the day, S. A. McDonald commander and Ted Young as chaplain.

An Inspiring Address

Fred C. Handy, an eminent member of the Knights of Pythias, as speaker of the day, gave an inspiring address. His well chosen words paid the highest tribute to the veterans who confronted him, to those who now live only in memory, and to the Knights who have signified their willingness to answer the call and give their lives for the protection of the strs and stripes.

After the firing of a salute and taps, the Knights paid tribute to the dead. On the tombstones loving hands placed wreaths that had been prepared by the women and school children.

Flags on every building in the city were at half-mast and all places of business, civil and municipal, were closed. It was a day devoted wholly to the memory of those who have departed into the eternal life, after a self-sacrificing struggle.

FARMERS OF COUNTY URGED TO ORGANIZE

The first step toward county organization of farmers was taken last Saturday afternoon at a small but enthusiastic meeting in this city, when the plan was explained and advocated in a lengthy address by C. A. Bernhard, secretary of the Farmers' Club of this city.

He stated that the farmer has been unable to free himself from the ancestral method of conducting his business and that he is compelled to sell his produce at prices fixed by commission agents or others, who also fixed the price he should pay for his supplies.

The purpose of the proposed county organization, as explained by Bernhard, is for looking after the interests of the farmer, establishing proper prices for what he has to sell, informing him of proper prices on the things he has to buy, and doing everything that can be done toward improving the business of farming.

CHAUTAUQUA DRAWS MANY VISITORS HERE

With two days of the week's programme already passed into history, the Ellison-White Chautauqua is playing to record houses at the Victory Theater. An excellent programme has been arranged for presentation here, and while those who have missed the first two days will ever regret losing these numbers, there are enough other good things in store to make-up full value for the season ticket.

Notably among the numbers thus far presented was the address yesterday afternoon by Judge Wanamaker, a jurist of national reputation, and the grand concert last evening by the International Operatic company.

The address this morning will be delivered by A. C. Strange, superintendent of the system, and an interesting and forceful talker.

MYSTERIOUS CARRIER PIGEON BRINGS WORD FROM SCENE OF WAR?

A carrier pigeon, believed to be in the service of one of the nations implicated in the European conflict, has been captured near this city and is being held as a "prisoner of war."

The pigeon fell from exhaustation near the C. A. Busch ranch at Riverside, last Monday, It carried an aluminum band around the leg labeled "48814 Aug. 15," and a brass band with the number "4615."

Under its wing is a silver wire, commonly used in transporting messages by such carriers, and it is believed by those who found the bird that it was turned loose in August, 1915, by a vessel in the Pacific to deliver a message to some inland colony.

INJUNCTION GRANTED IN SCRAP FOR TIES

An injunction which will close down operations in one of the big tie camps near Fort Bragg was granted by Judge White in the superior court yesterday to Karl Cunha against Charles Hellman.

It is stated that Cunha bought the timber on the Cameron ranch, between Mendocino and Comptche. He later entered into a contract with Hellman whereby the latter was to work the property on a stumpage basis.

They disagreed, however, and Cunha demanded that he withdraw his men and cease operations. Hellman refused and Cunha started sit. The injunction granted yesterday will shut down the tie camp until the suit is finally determined.

Attorney C. M. Mannon represented Cunha while B. E. Pemberton, of Pettis & Pemberton, are representing Hellman.

For several years Mrs. Storey has been teaching school in Napa county and has won an enviable reputation as an educator. After leaving Ukiah Snell attended the University of California, later becoming interested in the automobile business and a few years ago joining the executive staff of the California Motion Picture Company.

Mr. and Mrs. Snell will make their home in San Rafael where the offices and studio of the motion picture company are located.

The steamer Fort Bragg will come off of the Oakland dry dock this week. She has been lengthened out 32 feet and will have a carrying capacity of nearly a million feet of lumber, says the Advocate. According to the San Francisco papers the Higgins Bros. are contemplating sending her to the Atlantic Coast for service.

W. LAMBERT, PIONEER OF COUNTY IS DEAD

The hand of death has cut another swath from the thinning ranks of the pioneers, and last night claimed Washington Lambert, who passed away in this city after an eventful and hnorable life of about eighty-years.

Few men were better known in this section of the country than Washington Lambert. He came to California in 1852, crossing the plains with an ox team, and has been a property owner in Mendocino county for twenty-five years. His death followed an illness of long duration.

A widow and three children survive this honorable pioneer, being George Lambert of Ukiah; William Lambert of Boonville and Mrs. Sarah Veirs of Willits.

UKIAH HIGH WHIPS WILLITS ON DIAMOND

Last Saturday, the Ukiah High School baseball team defeated Willits in a ten inning game by the score of 6 to 5. The game was very well played and our team held Willits scoreless until the 8th inning when with three men on the bases our team suddenly went to pieces and Willits scored three runs, making the score a tie.

$24,000 IS VALUE OF LAKE-EDGE PROPERTY

After four years of litigation, the Yolo Water & Power company has finally secured a jury which placed a valuation upon 116 acres of land in Lake county which they sought to condemn to raise the level of the lake ten feet to aid in their irrigation projects in the Sacramento valley.

The jury returned its verdict last Saturday before Superior Judge White, and values the land at approximately $200 an acre. The total amount awarded the defendants for the 116 acres was $24,000. The defendants were Emma J. Crowell, Hiram C. Helm, Lucy Rassmussen, Amanda J. Riffe and Fannie J. Hudson, all of whom own land adjoining Clear Lake.

The original condemnation suit was started April 1, 1912 and the company succeeded in reaching a satisfactory agreement as to value with all but these five property owners. Condemnation proceedings were then brought against them and the case was transferred from Lake county to Ukiah. Among the witnesses who gave testimony before the jury in this court were Roy M. Pike, president of the company; Hugh Davidson, M. B. Elliott, John Robinson and Amos Ogden, for the plaintiffs. Their valuation on the land taken by raising the lake level was in the nighborhood of $40 an acre. The witnesses for the defense, aside from the defendants, D. F. McIntire, county surveyor of Lake county, and Bona Cleveland.

The defendants sought to secure a total of $103,650, dividing it as follows: $87,650 for the land taken and $16,000 as damages. The attorneys in the case were A. C. Huston and Thomas & Thomas for the company, and H. E. Witherspoon and Preston & Preston for the defendants.

The jury was composed of August West, D. J. Henderson, F. C. Chance, C. L. Hemenway, F. A. Bates, A. T. Hayter, Edwin Hogan, James Rowe, M. L. Gibson, J. C. Boyd, F. L. White and W. H. Dixon.

BROWNIES TO MEET WILLITS ON SUNDAY

The Willits team, three times defeated by Fort Bragg, will meet the Brownies on the local diamond Sunday in the first contest of the season between the Little Lakers and the Ukiah ball tossers.

The Brownies were to play the Albion Tigers Sunday but because of their inability to agree on a field to stage the contest the game was called off late yesterday and Willits was taken on for a battle.

Word comes from the northern metropolis that despite the fact of their three defeats by Fort Bragg they have a strong team, strengthened by the addition of several new players, and expect to give Ukiah a close game. The game will be called at 2:30 o'clock.

DISTINGUISHED EDITOR HERE ON ANNUAL OUTING

Theodore Bonnet, editor of Town Talk, and one of San Francisco's most brilliant writers, is a guest at Vichy Springs on his annual outing and fishing expedition. He is accompanied by Mrs. Bonnet and three-year-ald son. This is the third year Bonnet has spent his vacation at Vichy and he highly praises Mendocino's climate and scenic splendor.

UKIAH INDIANS CAN'T SEE BALL IN FOG: LOSE GAME

The Ukiah Indians are clever at picking the leathered pill out of a clear sky, but when it is necessary to brush away the fog to make room for it to fall into the glove, they are not experts. At any rate, this might have been the reason for their defeat on the Mendocino diamond last Sunday when they lost the game to the Mendocinoites with a score of 7 to 2.

PETITION IS FILED FOR PROBATE OF SMITH WILL

John J. Smith has petitioned the superior court for probate of will in the estate of Alex Smith, who died at Fort Bragg May 15, leaving real and personal property valued at approximately $10,000. The petition will be heard by Judge White at 10 o'clock Monday morning, June 19.

Wilson's Peace Policy

ATTITUDE OF PRESIDENT IN MEXICO IS SUFFICIENT TO WARRANT DEFEAT IF NO OTHER CAUSE IS CONSIDERED.

IT IS ADMITTED by the greatest friends and advocates of Wilson, even by those who are holding office under his administration, that if he has not kept the peace, he has done nothing for which the American people should retain him any longer in office. On that point, apparently, public opinion in the United States is unanimous. The question is: Has Wilson been a peace president?

Since he took office two problems have confronted him that threatened war. One, the trouble in Mexico; the other, the trouble with Germany. In the former he at once took the attitude that for political reasons he must force the man in control of political affairs in Mexico out of office. He must not allow Mexico to regulate her own affairs, on the one hand, but on the other he must interfere to keep her from regulating them the only way she can ever regulate them, by having a strong man at the head of her government.

If we were not to recognize Huerta because we did not believe him an ideal man according to the ideas of Wilson, then we should have been willing to have kept the peace in Mexico until the ideal man could get control of the government. But instead of following that policy, we encouraged the Mexicans to engage in an endless warfare, with the result that there is hardly a nation mentioned in history which is or ever was in the chaotic condition of Mexico today. Who is responsible for that condition? It is not a pleasant thing to say, as Americans, or to contemplate from an American standpoint, but the facts are that the blood that has flowed so plentifully in the southland would never have been shed if we had either kept out of Mexico entirely, or if interfering there we had kept order as we were bound to do.

This so-called peaceful President, this man who today is asking for support as the peacemaker par excellence, is the man of all other men who has caused more human misery on the continent than ever was experienced here before.

And the loss of lives is not confined to the Mexicans. Wilson's policy is directly responsible for the two hundred and more Americans who have been murdered in cold blood; for the American women who have been outraged, and the American property which has been destroyed. It is the Wilson policy which sent our sailors into Vera Cruz to be shot down by snipers, with orders not to retaliate. It is the same Wilson policy which is responsible for our soldiers and civilians murdered along the frontier on American territory. It is this same policy which is responsible for the massacres of Santa Ysebel, Columbus, Glenn Springs, etc. It is this same policy which has been and is dragging the flag in the dust and which has made us the laughing stock of the world.

There is nothing peaceful in the record of the Wilson administration. On the contrary, it is one of the bloodiest, in the results of its policy, of any in the history of the United States. Those are strong words, but they are fully justified by the story of the last four years. Those who really believe in peace and honor must of necessity vote against any continuation of the present regime at Washington.

The Next President

WHO WILL BE the next President of the United States?

Robert Lansing.

But it is not necessary to get excited about it. It is a fact, but a fact that need not upset the campaign plans of any presidential candidate. The Secretary of State is not in politics, and is not likely to be. No convention is going to nominate him. He is not going to be elected. Nevertheless, he will be the next President.

A law enacted in 1886 provides that whenever the President and Vice-President are both unable for any reason to perform the duties of the executive office, the Secretary of State shall act as President. President Wilson's term expires at noon March 4, 1917. That is Sunday. It is contrary to precedent, although not illegal, to hold an inauguration on Sunday. It is planned, therefore, to have it on Monday, March 5. And so for one day Secretary Lansing will be President of the United States.

He will be empowered to occupy the White House if he chooses, issue pardons, command the army and navy, and even to ride to the Capitol as the outgoing President in the inaugurating ceremonies.

It will be the first time a Secretary of State has ever had such an honor, and the second time the office has ever been held by any one except the President or Vice-President.

IT IS time to go into training to fit your bathing suit.

SINGING KAFFIR BOYS UNIQUE NOVELTY

Balmer Brings Boys From Kaffir Land In South Africa to Chautauqua

DON'T think the black boys in this picture represent a group of cannibals, even though they may be dressed quite warlike. These boys are the members of Balmer's Kaffir Boy Choir, which J. H. Balmer has brought to America direct from South Africa. It is probably one of the most unique organizations ever brought to the west and will undoubtedly cause much comment when the boys give their concert at the Chautauqua. Each of the boys possesses a remarkable voice, and, although they cannot talk the English language, they sing English songs and sing them so they are understood. Balmer spent many years among the tribes of Kaffirs and Hottentots of South Africa and says they are the most remarkable people of the world. These boys are graceful and manly and are as perfect physically as a human being could be. The Kaffirs are unusually intelligent and are anxious to learn the ways of the white people. The Kaffir choir program is one of unusual interest, and whoever spends that evening at Chautauqua will carry away with him a new conception of Africa and its possibilities.

Baseball or Pugilism

IT IS UNFORTUNATE, as well as disgusting, the occurrances on two baseball diamonds in this county Sunday when a number of full-grown men apparently forgot that they were *gentlemen*, or at least supposed to be, and grappled in fistic combat over trifling matters not worthy of second thought.

Of course, if these men had differences and could find no other way of settling them but by a rough-and-tumble battle, it was their privilege to do so, but they should have been considerate of the rights of others and retired to some private spot to decide the matter instead of before grand stand filled with men, women and children.

No one likes to pay admission to a baseball game, anticipating a clever and clean contest on the diamond, only to have their rights trampled on merely because someone else wants to display his art in pugilism. If we want to see a prize fight we willingly buy an admission ticket, and when we go to a ball game it is disgusting to have such unpleasantness thrust upon us.

If fans allow their enthusiasm to overshadow their better judgment, they should stay at home and make room for those who can at least act the part of a gentleman. The effect of such things will be only to kill the national game in this county, for who would take his wife, his daughter, his mother or his sister into a grandstand where rowdyism prevails? It is not the fault of the baseball management, but of the fans themselves. All persons who engage in fights of this nature should be immediately ejected from the field.

Flag Day

WEDNESDAY, June 14th, will be the one hundred and thirty-ninth anniversary of the adoption of the stars and stripes as the flag of our country. It is a general satisfaction that the public recognition of Flag Day as a national anniversary is each year becoming more general.

Since the struggle of 1861-65, the flag has become the symbol of a mighty nation. It has been carried to the utmost parts of the earth, carrying liberty wherever it has been thrown to the breeze. At this time of the great European war, the limits of its baleful influences are not confined to the theatre of the awful conflict, but our own country is in great danger of being involved in its consequency, and patriotism and love of our wonderful country is called for more than ever.

We are now in the midst of an anxious time in all our nation, again calling for an expression of our most sincere devotion to the flag of our country, and what it stands for. The stars and stripes, have come to possess new beauty for friendly eyes and new terror for the foes of liberty, and of law and order, and of lawful government.

We earnestly exhort our citizens to join in making Flag Day an event and its celebration a great event. Let us, from one end of our land to the other, fling the stars and stripes to the breeze on June 14. May it greet the rising and salute the setting sun, and float all day long from every church edifice, school and building, public and private, and however humble, throughout the entire land.

MORE boys would run away from their homes, if they felt confident they could come home for their meals.

Tuxedo Nights
by Walt Mason

When the day's work's done, and the good old sun has sunk in the well known West, then I stretch my form by the fireside warm, I sit at my ease and rest. Then I take my pipe which is mildly ripe, as the pipes of good smokers are, with a chortling soul then I fill its bowl from my glass Tuxedo jar. And I smoke at ease, and my trouble flees to the place where dead troubles go; and my worries seem, in my waking dream no longer to have a show. And I say, "Indeed, it's a noble weed that drives all the ghosts away, and clamps the lid on the cares that skid around through the busy day. The worries and woes and such things as those in the daytime leave their scar, but there's rest at night and a calm delight in my glass Tuxedo jar."

FAMOUS DIVA AND NEW EDISON HEARD IN DUAL CONCERT

JOSEPH ATTENDS CONVENTION AT WHICH TONE QUALITIES OF MACHINE ARE TESTED.

P. H. Joseph of the Joseph Jewelry Company, local Edison dealers, attended the Edison convention in San Francisco last week at which the remarkable tone qualities of the latest diamond-disc machines were tested in comparison with the human voice.

The unique dual concert was a surprise even to the dealers, and so clear and perfect was the reproduction from the Edison that it was impossible to distinguish it from the human voice. Walter Anthony, music critic of the San Francisco Chronicle, writes of the voice comparison:

"Fifteen hundred discriminating lovers of music were treated to an unusual spectacle yesterday afternoon when Mme. Marie Rappold sang. On the stage with her was the new Edison phonograph. Sometimes Mme. Rappold would stand silent while pure tones, exact duplicate of the noted diva, poured from the instrument. Then the phonograph would be silenced and Mme. Rappold would resume siging.

Some there were who came in skeptic mood, but after the concert was concluded, convincing applause from the skeptically inclined led all the rest.

"The wonders of the New Edison were perhaps most noticeable when under the glare of lights Mme. Rappold started to sing 'Dich Theure Halle.' Suddenly the lights were turned off and the sweet tones of the singer continued. When the lights were again turned on, Mme. Rappold had left the stage, but the New Edison was reproducing the singer's tones with telling effect.

"The applause which followed this demonstration of the New Edison came from every part of the house. Altogether the Mme. Marie Rappold-New Edison dual concert was a distinct musical treat."

These examinations are open to any young man 18 years of age or older who desires to enter the University Farm School next September. If he is a graduate of a high school accredited to the University, it will not be necessary for him to take the examinations.

The entrance examinations will cover English and Arithmetic. The examination in English will consist of the writing of a paper of about 500 words on one of several given subjects; that in Arithmetic will be the working of problems, including the application of percentage to farm problems; the finding of averages, and the application of these principles to ordinary business and farm problems.

The opportunities for the young man who combines practical ranch experience with technical training in Agriculture are increasing faster than the supply of well equipped men, and this county should have a number of young men taking advantage of the education the State is offering at the University Farm School at Davis.

Candidates should notify the County Superintendent at once that they wish to take this examination.

BIG BLACK BEAR BAGGED BY POINT ARENA NIMROD

Charley McGill killed a large black bear in the hills east of Point Arena Saturday. The animal dressed between 300 and 400 pounds. Unfortunately for Charley, there is no bounty given on bears and the pelt is useless at this time of year, but the meat was good, as it was hog fat, so to speak.—Record.

Restored to Good Health.

"I was sick for four years with stomach trouble," writes Mrs. Otto Gans, Zanesville, Ohio. "I lost weight and felt so weak that I almost gave up hope of being cured. A friend told me about Chamberlain's Tablets, and since using two bottles of them I have been a well woman." Obtainable everywhere.

What Do You Know About The Maxwell Car?

THIS is the time of the year when more people are considering the question of "what car to buy" than at any other time of the year.

This community has its full share of people who will soon be driving their first car or a new car to replace the old one.

Now, we know that we are going to sell Maxwell Cars to a great many of these people—depending upon how many we are able to acquaint with the merits of the Maxwell.

The generous value offered in the car is so evident—its past record is so full of good performance—owners speak so well of it—that when the buyer knows these things, he is eager to buy a Maxwell.

In order to tell as many people as possible about the merits of the Maxwell Car we are going to spend a lot of money in the next few weeks in this paper advertising Maxwell merits to those who do not know them.

The reason—we want to sell as many Maxwells as possible this season. Our future allotments will depend upon how many Maxwells we sell now.

You may know that the Maxwell market is a buyer's market, not a seller's market—broadly speaking. The demand for Maxwells the country over is greater than the supply.

For this reason cars are allotted to dealers by the factory according to the size of the dealer's business.

We want to make a showing and be in a position to get a generous allotment of Maxwells hereafter. Because the more Maxwells are sold in any community, the greater is the future demand. We realize the opportunity to do an ever-increasing Maxwell business.

This is only the first of the several messages we are going to print—a few days apart—concerning the Maxwell Car. But we don't expect to be able to adequately present Maxwell merits in printed words alone.

If you are one who is going to buy a new car you will find it decidedly to your advantage to find out all you can about the Maxwell before you place your order.

Come in and talk it over with us and let us demonstrate the car to you. Then, don't take our word alone, but ask those who now own Maxwells.

Get "posted" about the Maxwell and you will realize more satisfaction and get more "value received" for your motor car money than ever before.

And we are just as willing to have you investigate other cars just as fully as you do ours. The Maxwell will not suffer by the comparison.

Why not start your Maxwell investigation today?

NOT ENOUGH CHILDREN

ever receive the proper balance of food to sufficiently nourish both body and brain during the growing period when nature's demands are greater than in mature life. This is shown in so many pale faces, lean bodies, frequent colds, and lack of ambition.

For all such children we say with unmistakable earnestness: They need Scott's Emulsion, and need it now. It possesses in concentrated form the very food elements to enrich their blood. It changes weakness to strength; it makes them sturdy and strong. No alcohol.

A Mistake in the Policy of the Bethlehem Steel Company

To the People:

The Senate of the United States has passed a bill to spend $11,000,000 of the People's money to build a government armor plant. The measure is now before the House of Representatives.

It is said that manufacturers of armor have "gouged" the country in the past, and that a government plant is necessary to secure armor more cheaply.

The mistake of the Bethlehem Steel Company has been that it has kept quiet.

We have allowed irresponsible assertions to be made for so long without denial, that many people now believe them to be proven facts.

We shall make the mistake of silence no longer.

Henceforth we shall pursue a policy of publicity. Misinformation will not be permitted to go uncorrected.

It is and has been the policy of our Company to deal with the American Government fairly and squarely.

We shall henceforth place the details of our relations with the Government before the American People.

The United States has for twenty years obtained the highest grade of armor and has paid a lower price for it than has any other great naval power.

Figures officially compiled for the Senate Committee on Naval Affairs from the Naval Year Book show that under conditions prevailing just before the European war, the chief naval powers of the world were paying these prices for armor:

England, $503 per ton; France, $460; Germany, $490; Japan, $490; UNITED STATES, $425.

A government plant cannot make armor any cheaper than we can do it; and—

We are prepared to manufacture armor at any price which the Government itself shall name as fair. THAT BEING SO, SHOULD $11,000,000 OF THE PEOPLE'S MONEY BE WASTED TO BUILD A GOVERNMENT PLANT?

BROWNIES WALLOP COAST CHAMPIONS

Twelve Innings Of Fast Baseball Played On Local Diamond

It took twelve innings to do it, but Ukiah's Brownies have conquered the Invincibles. The game last Sunday, when Fort Bragg fell to defeat under the trusty willow of Red Brown's clever performers, with a score of five to four, was a treat to the fans who packed the bleachers and placed Ukiah at the head of the list in the county league.

Ukiah is now the only team which has not been defeated by a county team. Two weeks ago they lost a close game to the Santa Rosa nine and last Sunday Fort Bragg brought with them the boast that they were the only team which had not been defeated this season. But their boast did not live long in this climate and three hours later it had been laid to rest with nine sad mourners.

Game By Innings

For three innings the battle waged without the least sight of a mark on the scoreboard. In the fourth Gallagher of Fort Bragg made the first score, at the expense of Van Dyke's error. In the sixth the coasters made two more runs and in the seventh Ukiah got busy and with three runs tied up the score. The game by innings was:

First Inning

Madden, the first man up, flew out to L. Ruddick. McArdle fanned. Gallagher laid one down to the third baseman for an out. Merritt, first up for Ukiah, hit a high foul to Colberg. Bauer drove a single between short and third ,and stole second. E. Ruddick breezed. Davidson did likewise.

Second Inning

Utchig drew a pass. Bolt out to Bauer to first, advancing Utchig. Dixon high fouled into Dooley's mit. Kraft went out, E. Ruddick to Eilers. L. Ruddick singled through short. Pool got to first on fielders chance that retired Ruddick at second. Van Dyke went to first on fielders choice and on error of Gallagher, Pool was safe at second. Dooley fanned, while Eilers flew to McArdle for the third out.

Third Inning

Colberg fanned. Healon singled to center. Madden was out on a fly to left field. McArdle was out on a fly to center field. Merritt drew a pass, went to second on Bauer's sacrifice. Ruddick singled, advancing Merritt, who was caught while trying to make home. Ruddick spiked Bolt at first. Davidson out to McArdle.

Fourth Inning

Gallagher for Fort Bragg ripped out a two-bagger to the right field. Utchig fanned. Gallagher went to third when Van Dyke pitched a wild one to second to catch him. In going to third on the wild throw, Gallagher turned his ankle. Gallagher scored on a passed ball a second later. Bolt got an infield hit, McArdle running for Bolt started for first when Van was in the box winding up for a pitch. Without leaving the box he threw the ball to second, catching McArdle. Scarry decided the runner out, Fort Bragg protesting the decision. Scarry finally called time on the game. Dixon up, had two strikes and two balls called on him before taking his position in the box. Fort Bragg after consultation, decided to go on with the game. Dixon fanned for the third out.

L. Ruddick, up for the Brownies, hit to Healon who threw to first, where Bolt muffed, leaving Ruddick safe. Pool, on a fielder's choice, reached first, retiring Ruddick at second. Van Dyke singled, advancing Pool. Dooley flew out to center while Eilers fanned.

Fifth Inning

Kraft fouled out to Merritt. Colberg walked, and was forced out at second, fielders choice of Healon's infield hit. Madden was hit by the ball. McArdle's short infield hit netted him the first bag through Merritt's error and advanced Madden to second. Gallagher hit to L. Ruddick, forcing McArdle at second for the third out, leaving three men on bases. Merritt flew out to center. Bauer singled. E. Ruddick fanned. Davidson flew out to center, Dixon, Fort Bragg center fielder, making a fine catch.

Sixth Inning

Utchig flew out to E. Ruddick, Bolt singled between first and second. Madden, running for Bolt, advanced to second on Dixon's infield hit. Kraft singled, scoring Bolt. Colberg singled, scoring Dixon, advancing Kraft to third and took the second bag on the play to catch Kraft at third. Healon fanned. Total two runs, three hits and two men left on bases. Ukiah went out one, two, three, L. Ruddick fanned, Pool flew out to McArdle and Van Dyke popped one right into McArdle's mit.

Seventh Inning

McArdle hit a hot one down third base line that looked like a single, but Merritt made a sensational stop, retiring Mac at first. Gallagher went out to L. Ruddick. Utchig lifted a long fly to center that retired the side. Dooley, for the Brownies, popped one to Bolt for an out. Eilers got fooled on one of Healon's floaters for the third strike. Merritt got to first on Colberg's error. Bauer singled and advanced Merritt. E. Ruddick connected with a low one over the right field fence, scoring Merritt and Bauer and allowing him to make the circuit for the only home run. This tied the score. Davidson, the next man up, got a single. L. Ruddick laid one down to the fielder who put him out at first, retiring the side with the score even.

Eighth Inning

Bolt put up a high one that Bauer muffed, went to second on Dixon's out, Bauer to Eilers. Kraft fouled out. Colberg collided with the ball and got first base. Healon laid one down the first base line that Merritt retrieved to first in time. Pool out on a foul caused another argument with the umpire. Van Dyke got to the first station on an error by Gallagher but got nipped at second by McArdle, and Dooley out on pop to first base.

Ninth Inning

Madden singled through short and went to second on McArdle's sacrifice, went to third on a passed ball. Gallagher flew out to center. Madden, in trying to beat the throw in, called out at the plate. Eilers went out, Gallagher to Bolt. Merritt fanned. Bauer went out on an infield hit, Gallagher to first.

Tenth Inning

Fort Bragg started in to put the game on ice in this inning. Utchig the first up, put a hot grounder through center that was good for two bags. Bolt got base on Van's hitting him. Dixon, sacrificing through an error of Merritt's got to first. Three men on bases and no outs made. Kraft, the next man up, was fanned. Colberg laid down a slow one to first that Eilers got in time to catch Utchig at the plate. Healon relieved the Brownie's feeling by fanning. Ukiah in their half got a walk for E. Ruddick. He was forced at second on a fielder's choice on Davidson's infield hit. L. Ruddick hit to McArdle, who shot the ball to second, forcing Davidson for an out. Gallagher got the ball to first in time to get Ruddick for a fast double, retiring the side.

Eleventh Inning

Madden flew out. McArdle laid one down to L .Ruddick and was retired at first. Gallagher did the same thing for the third out. Pool fanned. Van Dyke breezed. Dooley out, Healon to Bolt.

Twelfth Inning

Utchig out on a long fly to Davidson. Bolt came through with a single. Madden, running for him, went to third on Dixon's single. Dixon stole second. Kraft connected for a two bagger that scored Madden. Dixon, trying to score, called out at home plate. Colberg flew out to Davidson.

Eilers flew out to left field. Merritt out, Gallagher to Bolt. Bauer is safe on first on Gallagher's error. E. Ruddick safe on fielders choice. Then Davidson connected for a two bagger which scored Ruddick and Bauer.

NEW HIGH SCHOOL PLAN IS DROPPED BY THE TRUSTEES

OPPOSITION TO BUILDING BOND ISSUE CAUSES BOARD TO TABLE PROPOSITION.

BY LUCILLE CLELAND

At a meeting of the Board of Trustees last Monday it was decided not to call a bond election for the present, although it is quite probable that some sort of a building will have to be added to relieve congested conditions in school. A course in manual training will be offered and perhaps another teacher will swell the faculty.

Jessie Odle Storey U. H. S. '06 and Earl Snell U. H. S. '04 will be married in Napa tomorrow.

Margaret Aldrich of the Senior class has had considerable trouble this week with a felon on her thumb.

Lester Scott has been taking orders for graduation cards this week. Scott does this work himself.

One of the requisities for obtaining a credit in Commercial English is the drawing of a U. S. map. This was also compulsory in History II some years ago.

Miss Grace Gibson was the guest of Merle Ruddick last week-end.

Because of Chautauqua, school takes up at 8:15 o'clock and dismisses at 2:10. If this plan proves favorable it will be carried out for the remainder of the term.

Sewing Class Busy

Mr. Schoer, entertained Mr. Schubert, a friend from Nevada, last week.

Miss Place's sewing class is busy making "U's" for those who have received athletic honors. Three sets are being made, basket ball, baseball and track.

Galliard H. Chilcote visited Mr. Schoer last week.

One of the best feeds of the season was tendered Mr. Schoer by the basket ball team last Sunday night at Vichy Springs. Our principal has been a great friend to the boys this year in the athletic way and they tried to show their appreciation in the right way, which is usually along culinary lines.

The menu was such that would have moved any fat man to try just a little cake and the worst pessimist would have believed in Brownings' optimistic philosophy, if only for an evening. Mr. Schoer reports Sunday as being one of the most enjoyable evenings he has spent since he discovered America. Those present were: Fred Van Dyke, Les Allenby, Emmet Connolly, Leslie Clay, Babe Meyer, Hamby Ford, G. H. Chilcote, Omar Mockler, Earl Toles, Jack Mockler, Paul Mathews, Bert Mankins, Will Connolly and C. Schoer, Jr.

Plan Senior Reception

Miss Mildred Haile left for Alameda last Wednesday morning.

About three dollars was cleared for the basket ball team at the dance given by the K. girls last week.

Both Louise Tibbitts and Leona Haile were absent a few periods last week because of illness.

Jessie Burkhart returned to school Wednesday, having spent a few days at her home in Potter Valley.

There was a meeting of the three under classes Wednesday evening to make arrangements for the Senior reception. Something great is in store.

Athletic Honors

A Student Body meeting was held Wednesday afternoon at which time "U's" were awarded to various students who have shown unusual ability along athletic lines. Those who received an emblem for basket ball were Mathews, Ford, Connolly, Grant, German, Meyer, and Mankins. The following fellows are recipients of "U's" for track: Richardson, Ford, Connolly, German, Milne, Ed. Ellison, Everett Ellison, Norgard, Scott, Andrews and Cox. For baseball honors: Richardson, Ford, Grant, German, Meyer, Milne, Broaddus, Davidson, Cox, and Ed. Ellison. Omar Mockler and Les Allenby were given a symbol that they might realize what their effort towards our success meant to us. A "U" was also extended to Earl Toles who was our faithful business manager throughout the year.

Mr. Schoer sold many Chautaqua tickets to high school students during the past week.

CLUBWOMEN HOLD FINAL SESSION; NEW OFFICERS INSTALLED

MRS. BROWN NAMED PRESIDENT OF THE SATURDAY CLUB AT GAY MEETING.

On Saturday, the Saturday Afternoon Club held the closing meeting for the year at the Maxwell-Thomas home, near town, almost the entire membership being present to enjoy the delightful hospitality of this charming country home.

In response to an invitation the guests assembled at an early hour and, at 1:30 o'clock were ushered into the attractive dining room where a delicious luncheon was served, which left nothing to be desired. Gracefully arranged baskets of sweet peas suspended above the tables added a touch of sweetness and beauty, and these with the dainty service and the social feature of the hour made of this occasion one long to be remembered.

A Banner Year

At the usual hour the club was called to order and the routine business taken up. Reports of officers and committees for the year disclosed the fact that the year had been a phenominal one in the history of the club. In allusion to this the president, in her closing speech, modestly attributed this fact to the generous support given her by the officers and members and the splendid cooperation of all throughout the year. A rising vote of thanks was given the president, Miss Garsey, for her untiring efforts on behalf of the club.

The club having at a previous meeting indorsed Miss Reva Thomas in the voting contest of a local paper, the president urged the members to make an active campaign for votes, looking to the winning—for the clubhouse-to-be—of the piano which, according to the conditions of the contest, will go to the organization assisting the candidate to win the first place.

New Officers Named

An interesting and amusing feature of the afternoon's entertainment was the recital by the members of the manner in which each won the five dollars pledged towards the clubhouse fund. Some of these were in clever verses and all contributed to the merriment and enjoyment of the hour.

Officers were elected for the ensuing club year as follows: President, Mrs. J. L. Brown; vice-president, Mrs. Lewis Hildreth; secretary, Mrs. Chas. Kasch; treasurer, Mrs. Frank Barker; recording secretary, Mrs. W. D. L. Held; board of Counsel, the above named officers, Miss Carrie Garsey, Mrs. Waldteufel and Mrs. Hale McCowen.

Only the tortures of the mediæval rack are comparable to the agonies which many women suffer through the peculiar weakness of their delicate feminine structure.

They have found in Dr. Pierce's Favorite Prescription the one unfailing remedy which heals feminine weaknesses at their very source. This marvelous "Prescription" restores absolute health to the internal organism; stops ulcerated conditions, gives elastic strength to the supporting ligaments, vitality to the nerve centers, and complete womanly vigor to the entire constitution.

It is the perfect fortifier and regulator at every critical period from the time when they merge into womanhood until the "change of life." It is the one medicine which makes motherhood safe and almost free from pain.

CALIFORNIA TESTIMONY

San Francisco, Cal.—"After my baby was born I was left in a run-down condition. Could not get my strength back. I started taking both 'Favorite Prescription' and 'Golden Medical Discovery.' I was soon well and strong; that was 48 years ago. When I reached middle life I took both the medicines again and got through without any trouble. We have kept one of Dr. Pierce's Common Sense Medical Advisers in the house; also Dr. Pierce's Pleasant Pellets. We have never had any other doctor."—MRS. M. E. KIRCHNER, 12 Perry Ave.

(Press Special Service.)

BOONVILLE, June 1.—John J. Smalley, an old time resident of Anderson valley, passed away at his home in Cloverdale last Monday evening at the ripe old age of 74 and the funeral was held in the Orange City yesterday.

John J. Smalley was born in Stormville, Dutchess County, New York, August 12, 1842. He came to California in 1868, and settled in Anderson Valley. He was married to Ethel Ball, daughter of J. D. and Mellisa Ball of Anderson Valley, in 1871.

Three children, Jefferson D. Smalley of Cloverdale, Mrs. Millie Martin of Napa, and Jessie J. Smalley of Briceland, Humboldt County, survive their father, besides a loving wife, to whom is extended heartfelt sympathy by their many friends.

Mr. Smalley moved to Cloverdale in November, 1909, and engaged in the retail lumber business until his failing health necessitated his retirement from active life. He had been in poor health for about four years, and during the past year at intervals of weeks had been confined to the house. Three weeks ago he gave up the battle to stay the ravages of failing strength, and passed to the great beyond at 10:10 o'clock Monday evening.

FREAKISH WEATHER KEEPS 'EM GUESSING

All the weather that is encountered in the twelve months of the year in Mendocino county and some that has never been seen before here was experienced during the past week.

The week opened with mercury soaring skyward and on last Saturday it reached 87 degrees. On Thursday it dropped to 38 degrees, the coldest for the week. Then, just to give a demonstration of what eastern weather is, a thunder storm came up in the near northeast at an early hour Wednesday morning. Earlier in the week the extreme northern part of the county experienced a light snow storm.

Nothing was overlooked. There was sunshine, cold, rain, hail and snow, with plenty of wind at all times.

Dr. George McCowen, local observer, reports the season's rainfall at 34.54 inches, against 49.40 at this date a year ago. Last year there was no rain after this time. In 1903, April had .01 of an inch, while May and June showed only a trace of J. Pluvius' activities. In 1909 there was no rain in April, only a trace in May and .10 inch in June.

Of Everyday Local Performance

Four Oakland Six Touring Cars in daily use in Ukiah and over mountain grades are averaging from 20 to 25 miles to each gallon of gasoline—An item of considerable importance to the automobile owner.

Get behind the wheel of the Oakland Six, and you will understand why it has become such a favorite. You can throttle the car down until it creeps along at a 2-mile gait on "high"—and then at a pressure on the foot throttle—feel the car pick up and get away instantly. It's exhilarating to drive a car like this and know it has power to pull through hub-deep mud, and take you up the toughest hills with full load, with seldom a change from "high" and at the minimum cost for gasoline, oil and tires.

Beauty

You will admire the finish of these Oakland Light Six Cars, with their graceful, sweeping lines — representing genuine examples of the coach builders' art.

You will be agreeably surprised at the roominess of these bodies—seating width as well as leg room. Oakland upholstery is real leather, filled with long, curled, real hair.

We firmly believe that fastidious taste cannot reasonably demand a more luxurious car, or obtain greater performance of power, flexibility and absolute smooth riding qualities.

JUDGE SEAWELL TO TALK HERE ON FOURTH

Judge Emmett Seawell, for many years presiding magistrate in the superior court of Sonoma county, has accepted the invitation of the local Fourth of July celebration committee and will deliver the oration in this city on the morning of the Fourth.

Judge Seawell is one of the best known jurists in the State and has several times presided over the local court during the absence or inability of Judge White to hear the cases. He is a man of the highest integrity and the committee is to be congratulated upon securing him as orator of the day.

Plans for the monster festival of fun are rapidly rounding into final form and the celebration promises to eclipse any ever attempted in the county. Many unique features will be included on the three-day programme, notable among which will be the fireworks and the growlers' illuminated parade.

Entries are alredy being made in the big floral pageant, which will be held on the morning of the Fourth, and in which practically every fraternal order and society in the city will be represented. The barbecue and baseball series are two other features not to be overlooked. There will be plenty to eat at the outdoor banquet and Manager Red Brown of the Brownies promises a lively series on the local diamond.

AFTER MILK SHOWER HE BATTLES, IS ARRESTED AND SUED FOR DAMAGES

It isn't everybody who can boast of having had a shower bath of pure, sweet milk. Maude Adams takes them for her complexion, but that's an exception.

The shower bath taken by Louis Heilmann on the highway near Calpella was not exactly for that purpose, and was somewhat compulsory. He met G. L. Ticehurst, for whom he cherished no affection, and, according to the story, spat at him. Ticehurst carried a bucket of milk, with which he treated Heilmann to a shower bath.

Then they mixed. Heilmann was arrested for battery and his trial was set for June 6 by Judge Hurley. It is said that Ticehurst will also sue his assailant for damages.

George Fox, who recently sprang into the limelight here in the sensational theft of $60,000 worth of diamonds, which were later found buried under a bridge near Cloverdale, has been arrested in New Orleans on a similar charge and was this week sentenced to five years in the penitentiary.

Fox, who was identified with an automobile supply company in San Francisco, came to this county some months ago on a fishing expedition and his woman companion made complaint against him when her jewelry mysteriously disappeared.

The gems were found buried under a bridge in Sonoma county, but Fox was acquitted of the charge and returned to his wife and family in San Francisco.

MEMORIAL DAY TRIBUTE IS PAID TO NATION'S DEAD

Wealth Of Bloom Is Scattered On Graves Of Heroes At Most Impressive Ceremony

So many hearts, proud of their valorous dead, went out into the sunshine Tuesday to do them honor, that it seemed as if no other Memorial Day of the past had been so beautifully or so faithfully observed.

The Knights of Pythias ceremonies at the cemetery, with flower petals of remembrance and appreciation fluttering down to rest on quiet mounds inside dim cemetery walls, were conducted with such a solemn tenderness of devotion and such lavishness of tributes as to indicate to some a new and finer note in American patriotism.

Battles Of The Past

Memories of those who gave their lives for their country in the glorious battles of the past, under the swelling folds of banners, were invoked to thrill the living. Honor, too, was given, and recollection sadly sweet was held by many a lonely heart for those other warriors who fought, not an embattled line, where the diapason of artillery gave inspiration, but who struggled day after day in time of national peace in the great battle of life for home and loved ones.

A spirit of gratitude for the sacrifices of the dead dominated the day. It chastened and inspired the multitudes and convinced many a doubting one that American patriotism, instead of undergoing a process of decay, has become stronger, broader, higher, more intense, if anything, than heretofore. It proved in a gratifying measure this generation's recognition of noble service done for the good of all. It demonstrated a latent ability to undertake whatever responsibilities may come for the preservation of the highest ideals of our Nation.

Ranks Are Thinning

With a parade headed by the Ukiah band, and members of the Knights of Pythias forming an escort for the gray-haired veterans, the ceremonies started promptly at 1:30 o'clock. Then came the Spanish-American war veterans and school children and citizens in automobiles and carriages.

Some of the comrades who marched last year were gone. They had been laid beneath the mounds on which tender hands were to place evergreen wreaths and strew beautiful flowers. It was old soldier's day. Pretty little girls from the grammar school along the line of march tossed roses at the aged, but ever-young marchers.

March Into Cemetery

Just before they reached the cemetery, veterans of the Spanish-American war were drawn up at attention. Between the firing squad the gray-haired, stooping veterans stepped proudly. There was hardly a dry eye in all the throng of men, women and children privileged to see the marching host. Those soldiers of old, who by the accident of war, had not been called upon to give the lives they would so willingly have surrendered, made a heart appeal.

Then the school children, under the direction of Miss Marguerite Thomas, sang several patriotic airs and it was a pathetic scene as tears stole into the eyes of the comrades, who, apparently, were living over their honorable lives on the battlefield. The memorial services of the Knights of Pythias were conducted with A. L. Tracy as officer of the day, S. A. McDonald commander and Ted Young as chaplain.

An Inspiring Address

Fred C. Handy, an eminent member of the Knights of Pythias, as speaker of the day, gave an inspiring address. His well chosen words paid the highest tribute to the veterans who confronted him, to those who now live only in memory, and to the Knights who have signified their willingness to answer the call and give their lives for the protection of the strs and stripes.

After the firing of a salute and taps, the Knights paid tribute to the dead. On the tombstones loving hands placed wreaths that had been prepared by the women and school children.

Flags on every building in the city were at half-mast and all places of business, civil and municipal, were closed. It was a day devoted wholly to the memory of those who have departed into the eternal life, after a self-sacrificing struggle.

FARMERS OF COUNTY URGED TO ORGANIZE

The first step toward county organization of farmers was taken last Saturday afternoon at a small but enthusiastic meeting in this city, when the plan was explained and advocated in a lengthy address by C. A. Bernhard, secretary of the Farmers' Club of this city.

He stated that the farmer has been unable to free himself from the ancestral method of conducting his business and that he is compelled to sell his produce at prices fixed by commission agents or others, who also fixed the price he should pay for his supplies.

The purpose of the proposed county organization, as explained by Bernhard, is for looking after the interests of the farmer, establishing proper prices for what he has to sell, informing him of proper prices on the things he has to buy, and doing everything that can be done toward improving the business of farming.

An excellent programme has been arranged for presentation here, and while those who have missed the first two days will ever regret losing these numbers, there are enough other good things in store to make-up full value for the season ticket.

Notably among the numbers thus far presented was the address yesterday afternoon by Judge Wanamaker, a jurist of national reputation, and the grand concert last evening by the International Operatic company.

MYSTERIOUS CARRIER PIGEON BRINGS WORD FROM SCENE OF WAR?

A carrier pigeon, believed to be in the service of one of the nations implicated in the European conflict, has been captured near this city and is being held as a "prisoner of war."

The pigeon fell from exhaustation near the C. A. Busch ranch at Riverside, last Monday, It carried an aluminum band around the leg labeled "48814 Aug. 15," and a brass band with the number "4615."

Under its wing is a silver wire, commonly used in transporting messages by such carriers, and it is believed by those who found the bird that it was turned loose in August, 1915, by a vessel in the Pacific to deliver a message to some inland colony.

INJUNCTION GRANTED IN SCRAP FOR TIES

An injunction which will close down operations in one of the big tie camps near Fort Bragg was granted by Judge White in the superior court yesterday to Karl Cunha against Charles Hellman.

It is stated that Cunha bought the timber on the Cameron ranch, between Mendocino and Comptche. He later entered into a contract with Hellman whereby the latter was to work the property on a stumpage basis.

They disagreed, however, and Cunha demanded that he withdraw his men and cease operations. Hellman refused and Cunha started sit. The injunction granted yesterday will shut down the tie camp until the suit is finally determined.

Attorney C. M. Mannon represented Cunha while B. E. Pemberton, of Pettis & Pemberton, are representing Hellman.

W. LAMBERT, PIONEER OF COUNTY IS DEAD

The hand of death has cut another swath from the thinning ranks of the pioneers, and last night claimed Washington Lambert, who passed away in this city after an eventful and hnorable life of about eighty-years.

Few men were better known in this section of the country than Washington Lambert. He came to California in 1852, crossing the plains with an ox team, and has been a property owner in Mendocino county for twenty-five years. His death followed an illness of long duration.

A widow and three children survive this honorable pioneer, being George Lambert of Ukiah; William Lambert of Boonville and Mrs. Sarah Veirs of Willits.

UKIAH HIGH WHIPS WILLITS ON DIAMOND

Last Saturday, the Ukiah High School baseball team defeated Willits in a ten inning game by the score of 6 to 5. The game was very well played and our team held Willits scoreless until the 8th inning when with three men on the bases our team suddenly went to pieces and Willits scored three runs, making the score a tie.

$24,000 IS VALUE OF LAKE-EDGE PROPERTY

After four years of litigation, the Yolo Water & Power company has finally secured a jury which placed a valuation upon 116 acres of land in Lake county which they sought to condemn to raise the level of the lake ten feet to aid in their irrigation projects in the Sacramento valley.

The jury returned its verdict last Saturday before Superior Judge White, and values the land at approximately $200 an acre. The total amount awarded the defendants for the 116 acres was $24,000. The defendants were Emma J. Crowell, Hiram C. Helm, Lucy Rassmussen, Amanda J. Riffe and Fannie J. Hudson, all of whom own land adjoining Clear Lake.

The original condemnation suit was started April 1, 1912 and the company succeeded in reaching a satisfactory agreement as to value with all but these five property owners. Condemnation proceedings were then brought against them and the case was transferred from Lake county to Ukiah. Among the witnesses who gave testimony before the jury in this court were Roy M. Pike, president of the company; Hugh Davidson, M. B. Elliott, John Robinson and Amos Ogden, for the plaintiffs. Their valuation on the land taken by raising the lake level was in the nighborhood of $40 an acre. The witnesses for the defense, aside from the defendants, D. F. McIntire, county surveyor of Lake county, and Bona Cleveland.

The defendants sought to secure a total of $103,650, dividing it as follows: $87,650 for the land taken and $16,000 as damages. The attorneys in the case were A. C. Huston and Thomas & Thomas for the company, and H. E. Witherspoon and Preston & Preston for the defendants.

The jury was composed of August West, D. J. Henderson, F. C. Chance, C. L. Hemenway, F. A. Bates, A. T. Hayter, Edwin Hogan, James Rowe, M. L. Gibson, J. C. Boyd, F. L. White and W. H. Dixon.

BROWNIES TO MEET WILLITS ON SUNDAY

The Willits team, three times defeated by Fort Bragg, will meet the Brownies on the local diamond Sunday in the first contest of the season between the Little Lakers and the Ukiah ball tossers.

The Brownies were to play the Albion Tigers Sunday but because of their inability to agree on a field to stage the contest the game was called off late yesterday and Willits was taken on for a battle.

Word comes from the northern metropolis that despite the fact of their three defeats by Fort Bragg they have a strong team, strengthened by the addition of several new players, and expect to give Ukiah a close game. The game will be called at 2:30 o'clock.

DISTINGUISHED EDITOR HERE ON ANNUAL OUTING

Theodore Bonnet, editor of Town Talk, and one of San Francisco's most brilliant writers, is a guest at Vichy Springs on his annual outing and fishing expedition. He is accompanied by Mrs. Bonnet and three-year-ald son. This is the third year Bonnet has spent his vacation at Vichy and he highly praises Mendocino's climate and scenic splendor.

UKIAH INDIANS CAN'T SEE BALL IN FOG: LOSE GAME.

The Ukiah Indians are clever at picking the leathered pill out of a clear sky, but when it is necessary to brush away the fog to make room for it to fall into the glove, they are not experts. At any rate, this might have been the reason for their defeat on the Mendocino diamond last Sunday, when they lost the game to the Mendocinoites with a score of 7 to 2.

PETITION IS FILED FOR PROBATE OF SMITH WILL

John J. Smith has petitioned the superior court for probate of will in the estate of Alex Smith, who died at Fort Bragg May 15, leaving real and personal property valued at approximately $10,000. The petition will be heard by Judge White at 10 o'clock Monday morning, June 19.

FAMOUS DIVA AND NEW EDISON HEARD IN DUAL CONCERT

JOSEPH ATTENDS CONVENTION AT WHICH TONE QUALITIES OF MACHINE ARE TESTED.

P. H. Joseph of the Joseph Jewelry Company, local Edison dealers, attended the Edison convention in San Francisco last week at which the remarkable tone qualities of the latest diamond-disc machines were tested in comparison with the human voice.

The unique dual concert was a surprise even to the dealers, and so clear and perfect was the reproduction from the Edison that it was impossible to distinguish it from the human voice. Walter Anthony, music critic of the San Francisco Chronicle, writes of the voice comparison:

"Fifteen hundred discriminating lovers of music were treated to an unusual spectacle yesterday afternoon when Mme. Marie Rappold sang. On the stage with her was the new Edison phonograph. Sometimes Mme. Rappold would stand silent while pure tones, exact duplicate of the noted diva, poured from the instrument. Then the phonograph would be silenced and Mme. Rappold would resume siging.

Some there were who came in skeptic mood, but after the concert was concluded, convincing applause from the skeptically inclined led all the rest.

"The wonders of the New Edison were perhaps most noticeable when under the glare of lights Mme. Rappold started to sing 'Dich Theure Halle.' Suddenly the lights were turned off and the sweet tones of the singer continued. When the lights were again turned on, Mme. Rappold had left the stage, but the New Edison was reproducing the singer's tones with telling effect.

"The applause which followed this demonstration of the New Edison came from every part of the house. Altogether the Mme. Marie Rappold-New Edison dual concert was a distinct musical treat."

FARM SCHOOL EXAMS TO BE HELD JUNE 20

These examinations are open to any young man 18 years of age or older who desires to enter the University Farm School next September. If he is a graduate of a high school accredited to the University, it will not be necessary for him to take the examinations.

The opportunities for the young man who combines practical ranch experience with technical training in Agriculture are increasing faster than the supply of well equipped men, and this county should have a number of young men taking advantage of the education the State is offering at the University Farm School at Davis.

Candidates should notify the County Superintendent at once that they wish to take this examination.

BIG BLACK BEAR BAGGED BY POINT ARENA NIMROD

Charley McGill killed a large black bear in the hills east of Point Arena Saturday. The animal dressed between 300 and 400 pounds. Unfortunately for Charley, there is no bounty given on bears and the pelt is useless at this time of year, but the meat was good, as it was hog fat, so to speak.—Record.

Restored to Good Health.

"I was sick for four years with stomach trouble," writes Mrs. Otto Gans, Zanesville, Ohio. "I lost weight and felt so weak that I almost gave up hope of being cured. A friend told me about Chamberlain's Tablets, and since using two bottles of them I have been a well woman." Obtainable everywhere.

What Do You Know About The Maxwell Car?

THIS is the time of the year when more people are considering the question of "what car to buy" than at any other time of the year.

This community has its full share of people who will soon be driving their first car or a new car to replace the old one.

Now, we know that we are going to sell Maxwell Cars to a great many of these people—depending upon how many we are able to acquaint with the merits of the Maxwell.

The generous value offered in the car is so evident—its past record is so full of good performance—owners speak so well of it—that when the buyer knows these things, he is eager to buy a Maxwell.

In order to tell as many people as possible about the merits of the Maxwell Car we are going to spend a lot of money in the next few weeks in this paper advertising Maxwell merits to those who do not know them.

The reason—we want to sell as many Maxwells as possible this season. Our future allotments will depend upon how many Maxwells we sell now.

You may know that the Maxwell market is a buyer's market, not a seller's market—broadly speaking. The demand for Maxwells the country over is greater than the supply.

For this reason cars are allotted to dealers by the factory according to the size of the dealer's business.

We want to make a showing and be in a position to get a generous allotment of Maxwells hereafter. Because the more Maxwells are sold in any community, the greater is the future demand. We realize the opportunity to do an ever-increasing Maxwell business.

This is only the first of the several messages we are going to print—a few days apart—concerning the Maxwell Car. But we don't expect to be able to adequately present Maxwell merits in printed words alone.

If you are one who is going to buy a new car you will find it decidedly to your advantage to find out all you can about the Maxwell before you place your order.

Come in and talk it over with us and let us demonstrate the car to you. Then, don't take our word alone, but ask those who now own Maxwells.

Get "posted" about the Maxwell and you will realize more satisfaction and get more "value received" for your motor car money than ever before.

And we are just as willing to have you investigate other cars just as fully as you do ours. The Maxwell will not suffer by the comparison.

Why not start your Maxwell investigation today?

NOT ENOUGH CHILDREN

ever receive the proper balance of food to sufficiently nourish both body and brain during the growing period when nature's demands are greater than in mature life. This is shown in so many pale faces, lean bodies, frequent colds, and lack of ambition.

For all such children we say with unmistakable earnestness: They need Scott's Emulsion, and need it now. It possesses in concentrated form the very food elements to enrich their blood. It changes weakness to strength; it makes them sturdy and strong. No alcohol.

NEW HIGH SCHOOL PLAN IS DROPPED BY THE TRUSTEES

OPPOSITION TO BUILDING BOND ISSUE CAUSES BOARD TO TABLE PROPOSITION.

BY LUCILLE CLELAND

At a meeting of the Board of Trustees last Monday it was decided not to call a bond election for the present, although it is quite probable that some sort of a building will have to be added to relieve congested conditions in school. A course in manual training will be offered and perhaps another teacher will swell the faculty.

Jessie Odle Storey U. H. S. '06 and Earl Snell U. H. S. '04 will be married in Napa tomorrow.

Margaret Aldrich of the Senior class has had considerable trouble this week with a felon on her thumb.

Lester Scott has been taking orders for graduation cards this week. Scott does this work himself.

One of the requisities for obtaining a credit in Commercial English is the drawing of a U. S. map. This was also compulsory in History II some years ago.

Miss Grace Gibson was the guest of Merle Ruddick last week-end.

Because of Chautauqua, school takes up at 8:15 o'clock and dismisses at 2:10. If this plan proves favorable it will be carried out for the remainder of the term.

Sewing Class Busy

Mr. Schoer, entertained Mr. Schubert, a friend from Nevada, last week.

Miss Place's sewing class is busy making "U's" for those who have received athletic honors. Three sets are being made, basket ball, baseball and track.

Galliard H. Chilcote visited Mr. Schoer last week.

One of the best feeds of the season was tendered Mr. Schoer by the basket ball team last Sunday night at Vichy Springs. Our principal has been a great friend to the boys this year in the athletic way and they tried to show their appreciation in the right way, which is usually along culinary lines.

The menu was such that would have moved any fat man to try just a little cake and the worst pessimist would have believed in Brownings' optimistic philosophy, if only for an evening. Mr. Schoer reports Sunday as being one of the most enjoyable evenings he has spent since he discovered America. Those present were: Fred Van Dyke, Les Allenby, Emmet Connolly, Leslie Clay, Babe Meyer, Hamby Ford, G. H. Chilcote, Omar Mockler, Earl Toles, Jack Mockler, Paul Mathews, Bert Mankins, Will Connolly and C. Schoer, Jr.

Plan Senior Reception

Miss Mildred Haile left for Alameda last Wednesday morning.

About three dollars was cleared for the basket ball team at the dance given by the K. girls last week.

Both Louise Tibbitts and Leona Haile were absent a few periods last week because of illness.

Jessie Burkhart returned to school Wednesday, having spent a few days at her home in Potter Valley.

There was a meeting of the three under classes Wednesday evening to make arrangements for the Senior reception. Something great is in store.

Athletic Honors

A Student Body meeting was held Wednesday afternoon at which time "U's" were awarded to various students who have shown unusual ability along athletic lines. Those who received an emblem for basket ball were Mathews, Ford, Connolly, Grant, German, Meyer, and Mankins. The following fellows are recipients of "U's" for track: Richardson, Ford, Connolly, German, Milne, Ed. Ellison, Everett Ellison, Norgard, Scott, Andrews and Cox. For baseball honors: Richardson, Ford, Grant, German, Meyer, Milne, Broaddus, Davidson, Cox, and Ed. Ellison. Omar Mockler and Les Allenby were given a symbol that they might realize what their effort towards our success meant to us. A "U" was also extended to Earl Toles who was our faithful business manager throughout the year.

Mr. Schoer sold many Chautauqua tickets to high school students during the past week.

COVELO PEEVED AT TELEPHONE SERVICE

(Press Special Service.)

COVELO, June 1.—County Superintendent of Schools Mrs. Porterfield visited our schools this week.

Cherries are ripe!

Considerable interest is displayed in the effort to obtain better telephone service for Covelo. At present we have but a few hours' service on Sundays and holidays. Many of the patrons feel very strongly that if the telephone office had been open when "Ted" Haydon met with his Sunday accident, he might have been spared much pain and possibly the loss of his leg.

Mr. and Mrs. Will Lovell and family have returned from an auto trip to Healdsburg, Monte Rio and Ukiah.

Horse buyers for the army have been here this week buying horses and mules. They left considerable money here, which will make times better for awhile and offset the unseasonable weather.

CRYING FOR HELP

Lots Of It In Ukiah, But Daily Growing Less.

The kidneys often cry for help.

Not another organ in the whole body more delicately constructed;

Not one more important to health.

The kidneys are the filters of the blood.

When they fail the blood becomes foul and poisonous.

There can be no health where there is poisoned blood.

Backache is one of the frequent indications of kidney trouble.

It is often the kidney's cry for help. Heed it.
